A Pot Rack in Your Future?

Consider ceiling rack height. Racks are designed to fit 8'- 9' ceilings for use by cooks of average height. Added chain or hooks can easily lower the rack.

Secure installation is a must. Loaded racks are very heavy. Ceiling racks come with screw hooks to be fixed firmly in ceiling joists. Lag screws with wall racks must be mounted in studs. Some carpentry is often needed for a secure mounting.

Rack assembly is easy. Most racks are shipped flat with hardware and assembly instructions. Assembly is simple with an enclosed wrench. Some even come assembled.

We stand by our products. Enclume's workmanship warranty is five years for Décor racks. Lighting components are warranted for one year. Claims processing is prompt.

Yesterday, Today, and Tomorrow

Always the Best

décor pot racks

...Enclume

Décor Makes its Place at Enclume

Yesterday

Awhile back an opportunity opened for our metal crafters. We found that alternatives to our famous line of Premier pot racks would broaden the appeal of Enclume. Lighter, more compact racks, with fresh styling, were needed. So after years of Premier success, we launched the Décor line.

Today

Décor racks extend our reputation for the finest pot racks. Thousands of satisfied customers have welcomed the light touch of Décor into their cozier kitchens. Here Décor racks have earned high marks as Enclume - New sizes and designs, but always handcrafted quality.

Tomorrow

Premier pot racks have been enjoyed in homes for decades. Décor racks are built to the same standards as Premier. So their strength and durability will provide Year after year of use and pleasure. Our uncompromising craftsmen assure this.
